

Did you know that...

How Planes Fly

Some FLIGHT questions to stimulate investigation & discussion:

What do FLAPS do? How do they work?

What do AILERONS do? How do they work?

What do ELEVATORS do? How do they work?

What does the RUDDER do? How does it work?

What do WINGS do? How do they work?

What is LIFT? How does it work?

and

A couple of terrific Dr Karl resources:

[ABC Science - How on Earth do planes fly?](#)

[National Geographic Science for Kids -How Planes Fly](#)

Leonardo da Vinci made the first real studies of flight in the 1480's making over 100 drawings illustrating his theories.
